## 2009 Annual Summer Picnic

The CMPOA annual summer picnic is on Sunday June 28<sup>th</sup> from 1-4 PM in Columbine Manor Park. It's a great way to catch up with your neighbors and other families in Columbine Manor.

Former residents are also invited to join us. Come and enjoy the fellowship of current and former neighbors. Please contact former Columbine Manor neighbors and invite them.

This year we are going to have BBQ from Schneid's Smoke Shack. We will have BBQ beef, pork and chicken to choose from. We also ask that residents with last names beginning with A-K bring desserts and L-Z bring salads/side dishes. CMPOA will provide the BBQ, condiments, beverages and flatware.

There will be games for everyone. Water balloons for the kids and ladderball, bean bag toss, and horseshoes for all. We will have prizes for a bean bag toss tournament.

Please RSVP to Joe Wuest at 303-904-0117 or [famwuest@msn.com](mailto:famwuest@msn.com).

Once again this year our large roll-off container was a success. As in previous years, it was filled to the brim. This meant that most neighbors had a chance to clean up many unwanted items.

Unfortunately there was an incident where broken glass was left on the street. This was cleaned up by the CMPOA board. We understand accidents do happen but it should have been the person responsible who did the clean up. Please be a good neighbor and not leave your trash to be cleaned up by someone else.

Another item to remember for the next time is that large items need to be broken up. They will take up less space. This will allow more neighbors to use the roll-off.

Congratulations to Joe Steinbach and his volunteers for the outstanding Easter Egg Hunt this year! There were over 39 participants in this annual event sponsored by your CMPOA. Prizes were awarded to everyone who entered their art work in the coloring contest. Easter egg candy was consumed eagerly by all participants.

Are you interested in a neighborhood improvement activity? Your CMPOA board would like your feedback on the following idea. We want to have a scrap metal drive. This would include any old aluminum, copper or iron metal you may have around you would like removed. Also we would pick up any used large appliances that you would want disposed. All of this metal would be taken to the metal recycling center on Oxford Avenue. Any money received for the metal would be placed in our treasury to offset some of our annual costs. If you are interested in this activity, please call a board member. If we get enough interest, we will arrange a time to pick up any items you are willing to give up.
